USS **Midway**  
MUSEUM

*Live the Adventure, Honor the Legend™*

## Museum Overview

Imagine experiencing life at sea aboard one of America's longest-serving aircraft carriers. Located in downtown San Diego, visitors to the USS Midway Museum enter a floating city at sea and walk in the footsteps of 225,000 Midway sailors who served our country and upheld the American ideals of strength, freedom and peace. Exhibits range from crew's sleeping quarters to a massive galley, engine room, the ship's jail, officer's country, post office, machine shops and pilots' ready room, as well as primary flight control and the bridge high in the island over the flight deck. Especially popular are the museum docents you'll meet throughout the ship. Each is eager to share a personal story, an anecdote or amazing statistic, adding to your amazement throughout your adventure.

*Family-oriented activities for all ages abound: three types of flight simulators, music videos, short films, climb-aboard aircraft and cockpits, interactive exhibits, "Ejection Seat Theatre," and much more!*
