

Content Standards

The following California Content Standards form the basis for USS Midway Museum's Grade 2 Math Program, "Onboard With Measurements and Shapes":

California Mathematics Content Standards (Measurement and Geometry):

- 1.0 Students understand that measurement is accomplished by identifying a unit of measure, iterating (repeating) that unit, and comparing it to the item to be measured:
 - 1.1 Measure the length of objects by iterating (repeating) a nonstandard or standard unit.
 - 1.2 Use different units to measure the same object and predict whether the measure will be greater or smaller when a different unit is used.
 - 1.3 Measure the length of an object to the nearest inch and/or centimeter.
