Please read through policies before submitting your application.

- Bus scholarships are only for San Diego City & County School Districts.
- You must first have a confirmed reservation before you can apply for a “No Child Left Ashore” Scholarship.
- Scholarships are limited and may not be available.
- Schools must arrange for their own transportation.
- Teachers are required to complete a Bus Scholarship Application form and have it signed by the school principal.
- Applications must be received four (4) weeks prior to the school visit.
- We require that you obtain a school district bus transportation invoice for the bus, which shows: trip information, payment information and the cost of the bus in advance and submit it together with this application.
- Bus Scholarship requests without the invoice will not be processed.
- Allow at least three (3) weeks for a scholarship request to be processed.

The scholarship will not pay for trip late fees, last minute scheduling fees, trip delays, schedule changes, out-of–district buses etc., but only the basic bus cost.

If the school secures a bus from a private transportation company, the USS Midway Museum will only pay what a regular school bus would have cost.

It is up to the school to resolve with their transportation office any transportation fees over and above what the scholarship has allowed.

Allow forty-five days after the school visit for bus scholarship checks to be processed.

This policy sheet does not need to be faxed, simply the Application page below and the attached bus invoice. Thank you.
